## CAREER EXPERIENCE

### DeaMor, Ridgefield, WA — Submittal Drafter

June 2024 - January 2025

DeaMor manufactures skylights and offers subcontracting and installation services. I was hired for my drafting experience, but the role focuses more on engineering and in-house part manufacturing. I create AutoCAD drawings for cutting components, designing frames for imported glass, and preparing necessary parts and seals for installation.

### B.E.E. Consulting, L.L.C., Portland, OR — Drafter

June 2022 - November 2023

This company is a waterproofing consultant based out of Seattle with a three-person Portland branch. My job was to read architectural drawing document sets and map out our waterproofing design over plans and exterior details (around 15 semi-active projects). These AutoDesk drawings would progress with the construction phase and architectural updates.

### Cielo Home Interior Design & Shop, Portland, OR — Interior Designer Assistant/ CAD Modeler

December 2020 - May 2022

This small high-end interior design firm worked half-part as an antique and furniture shop. Part of my responsibilities was to manage the sales shop and help clients pay or find the correct furniture or design materials. However, the majority of my time was spent measuring, modeling, and drawing construction documents for our residential projects.

### Studio Palomino, Sherman Oaks, CA — Design Assistant

August 2019 - March 2020

Barbie Palomino and I worked very closely to completely redesign a single multistory and high-end house in Thousand Oaks. I alone created every document for the construction of the new design. First made as a detailed Rhino model from a site survey, then turned into plans and renderings with Adobe.

### Mark Haddawy, Los Angeles, CA — Interior Design Intern

January 2019 - August 2019

Worked on many projects from the Hollywood Hills to Big Sur. Historical restorations, site mapping, furniture design, and remodeling. All are perfectly manufactured to design with Mark's classical, super high-end style in Sketch-Up and Adobe Suite.

## DESIGN SKILLS

Architecture

Interior

Landscape

Furniture

VR Modeling (2 years)

## EDUCATION

**Portland State University,**  
Portland, OR—B.S. in  
Architecture

August 2014 - June 2018

Art, LEED, and CAD-based programs. Projects were mainly large-scale, mixed-use buildings made in Rhino and finalized in either Photoshop or Illustrator.

## FREELANCE PROJECTS

### **Brand Design—** *Yarrow Dating Services*

March 2025 - April 2025

Making a logo, helping with the UX/UI of the website, and creating posters to help with public events.

### **Cottage Flipping—** *Frazier Park Ashram Remodel*

May 2020

Assisted a guru in Frazier Park with a live/work situation to enhance her housing options for her future residence.

### **Logo Makeover—** *ISRC*

June 2019

Redesign the company logo from a simple type text to a single icon.

## CUSTOMER SERVICE WORK EXPERIENCE

### **Autumn Coffee, Portland, OR —** *Coffee Sales Assistant*

May 2024 - June 2024

Selling hot coffee and beans at the Vancouver, WA Saturday market.

### **Kinglet Tea, Portland, OR —** *Tea Brewers Assistant*

June 2020 - December 2020

Brewing on a manufacturing scale for bottling and shipping.

### **Cha Cha Matcha, West Hollywood, CA—** *Barista*

November 2018 - January 2019

Served matcha at a high pace in drinks, pastries, toast, and ice cream.

### **Tea Chai Te, Portland, OR—** *Barista*

June 2016 - August 2018

Specialized in bubble, iced, and hot tea from the 130+ loose-leaf tea selections.

### **Starbucks, Portland, OR—** *Barista*

September 2014 - May 2015

High-paced location on my campus.

### **Starbucks, Pendleton, OR—** *Barista*

July 2013 - May 2014

Located inside a Safeway in a small town during high school.
